## THE SPEAKERSHIP CONTEST ENDED.

GENERAL SHARPE TO BE NOMINATED UNANIMOUSLY—THE GOVERNOR'S MESSAGE.

The opposition to General Sharpe has subsided, and it is expected that he will be unanimously nominated for Speaker at the Republican caucus to-night. Governor Cornell's message will be brief. He will favor State aid to high schools and free academies. He will announce a reduction in the State debt. The extent to which Governor Robinson exercised clemency during the last year of his term is stated in the letter appended. The contest for Clerk of the Senate proceeds actively.

## GENERAL SHARPE TO BE SPEAKER.

WITHDRAWAL OF THE OTHER REPUBLICAN CANDIDATES—A SHORT SESSION OF THE LEGISLATURE.

PROBABLE—RUMORS ABOUT THE COMMITTEES.

(BY TELEGRAPH TO THE TRIBUNE.)

ALBANY, Jan. 4.—The contest for Speaker of the Assembly is ended. General H. S. Sharpe, of Ulster County, will unquestionably be nominated by acclamation in the Republican caucus which will be held in the Assembly Chamber to-morrow night. The opposition to his nomination ceased in fact yesterday, but this change in the intentions of members was not clearly apparent until today. Late last night two of the opposing candidates, Messrs. Skinner and Baker, withdrew in General Sharpe's favor, and with their supporters, some twenty members, pledged their votes to him. This action was every where recognized as deciding beyond question the contest, as General Sharpe before this accession of strength had a majority of the votes of the Republican members. General Husted, ex-Speaker Alford, Mr. Terry, the remaining opposing candidates saw clearly that they were defeated, and resolved to bow gracefully to the dignity of their fellow members. Moreover, they thought that they ought not to deprive such a faithful Republican as General Sharpe of the honor of a unanimous nomination. Accordingly, they formally withdrew their names to-night as candidates, leaving General Sharpe alone in the field. Before taking this step, General Husted and Mr. Terry summoned their friends, informed them frankly that it was their intention to withdraw, and then said that, as they did not want to impair the interests of those who had so faithfully supported them, they would withdraw from the contest.

The news of the withdrawal of all the Republican candidates in opposition to General Sharpe was received with great satisfaction by the members. The contest was characterized throughout by a courteous treatment of their opponents by each of the candidates, so that there is no ill will among them or their supporters now to arouse quarrels. It was thought that Governor Cornell might favor the selection of some particular candidate, and he was accordingly consulted upon the subject. To all inquiries of this nature he invariably replied that he had no special choice and would not indicate as preference for any one of the candidates.

After it became known to-night that General Sharpe was to be the Speaker, the members began to gossip about the distribution of places on the committees. General Sharpe has begun the preliminary work of forming the list of committees at his home on Lancaster-st. There he was visited during the evening by General C. A. Arthur, Police Commissioner Wheeler and Mr. Warren, of the Buffalo Commercial Advertiser. It is said to be General Sharpe's intention to have his list completed during the present week, and to present it to the Assembly at once.

A short recess, instead of the usual one, will be taken to enable the Speaker to form his committees. This will be done to save time, and is a part of the plan to have a short session of the Legislature. A session of the usual length, lasting till the end of May, would perhaps prevent many members who desire to do so from attending the Republican National Convention at Chicago on June 22.

The Democrats of the Assembly are already making preparations for the selection of their candidate for Speaker. The country Democrats are said to favor the election of Mr. Rhodes of Troy, while the city Democrats are in favor of Mr. Stanley, of Brooklyn.

The contest for the office of Clerk of the Senate continues to be fierce. Both Mr. Glendon and Mr. Voorman are contending for the honor. Mr. Voorman's supporters are said to be more numerous than those of Mr. Glendon, and it is believed that General Husted will be made chairman of the Judiciary Committee, which is next in importance.

## A SHORT MESSAGE FROM THE GOVERNOR.

A REMIND THAT MR. CORNELL WILL SAY A FEW WORDS IN FAVOR OF THE HIGH SCHOOLS—EDUCATION IN THE STATE DEPT.—THE PRISONERS' SUPPORT.

(BY TELEGRAPH TO THE TRIBUNE.)

ALBANY, Jan. 4.—The Governor's message was put into type yesterday. It will be a shorter document than most of the messages of recent years, not taking up over three columns of THE TRIBUNE'S paper. In securing material for its composition, Mr. Cornell not only applied for information to State officials, but also obtained the opinions of men who have had experience in State affairs through service in the Legislature.

Great care has been taken to prevent the premature publication of the document, and few persons have been permitted to read it as a whole. In consequence of these precautions there have been rumors regarding the contents of the document, beyond a not very well authenticated one that the Governor will favor, in opposition to Governor Robinson, a hearty support of the high schools and free academies. The Governor will have the gratification of announcing that the actual debt of the State, taking into account the sinking funds for its redemption, is only \$7,500,000 now. The reduction in the debt since the last year has been caused partly by the reduction in the expense of maintaining the State prisons and the increased income from them. The actual expense of maintaining the prisons has been only \$200,000. This expenditure was made during the winter months. For the past eight months the prisons have been self-supporting. This exhibit will be very gratifying to taxpayers. The expenditure for the support of the prisons for one year would be \$500,000.

## CRIMINALS LET LOOSE.

LAVISH PARDONS BY GOVERNOR ROBINSON—THE SENTENCES OF ONE HUNDRED AND THIRTY COMMITTED.

(FROM THE REGULAR CORRESPONDENT OF THE TRIBUNE.)

ALBANY, Jan. 4.—Governor Robinson during the year 1879 pardoned ninety-six convicts confined in either the State Prisons or county penitentiaries, and commuted the sentences of 109. Many of these pardons and commutations were granted during the months of November and December. In these months he pardoned twenty-four convicts and commuted the sentences of forty-eight.

Apparently the Governor's memory betrayed him on Wednesday last when he declared that he had only released about fifteen persons from prison during the months mentioned, and that, therefore, the rumor that he had made

However the Swiss have proved that the material for their houses, and perhaps too, because the tall trees, with their evergreen crowns, reminded them of their Alpine forests. About seventy families came over to take possession of their land. Each paid or promised to pay fifty dollars for one hundred acres—a price that was next to nothing.
